FOR IMMEDIATE RELEASE

AREA LANDSCAPER RECEIVES SAFETY AWARD

MIAMISBURG, OH –October 30, 2008. Grunder Landscaping Company announces it has been recognized by a leading landscape industry association, PLANET, for having no vehicle accidents during 2007. On average, the company employs 45 team members and has 30 or more vehicles on area roads each business day.

According to the company's Safety Director, Walt Peter, "Grunder Landscaping is dedicated to a safety culture. We feel that it is more than a program -- it is our ethical responsibility. Management is committed to maintaining a safe environment for our employees." Commenting further, he said, "We use state-of-the-art equipment to make sure the best and latest safeguards are in place. We employ a full-time mechanic to keep our vehicles and equipment in proper and safe working order."

PLANET, the Professional Landcare Network, is an international association serving lawn care professionals, landscape management contractors, design/build/installation professionals, and interior landscapers. PLANET develops and maintains active programs for approximately 4,000 member firms in the areas of business management, government affairs, public relations, technical assistance, safety and insurance, education, and inter-industry relations with other facets of the green industry.

Grunder Landscaping Company is located at 9770 Byers Road in Miamisburg. The company employs 14 Ohio Certified Nursery Technicians and is a two-time winner of the Better Business Bureau's Eclipse Integrity Award. In addition, the company has been honored with 25 Entrepreneurial Awards and 10 National and State Awards for landscape designs. Grunder Landscaping has been serving residential and commercial clients for 24 years.
