FOR IMMEDIATE RELEASE

AREA BUSINESSMAN WINS NATIONAL LEADERSHIP AWARD

MIAMISBURG, OH –February 2, 2009. Local businessman, speaker and author, Marty Grunder, a Sugarcreek Twp. resident and owner of Grunder Landscaping Company, has been named one of six national winners of the prestigious Leadership Award, announced by Lawn & Landscape Magazine and Bayer Environmental Science.

Each year, the organization recognizes individuals who embody the essence of leadership through their industry involvement, pioneering spirit, dedication to education, commitment to personal improvement or environmental stewardship, and outstanding contributions to the lawn and landscape industry. Mr. Grunder was the subject of a feature article in the October, 2008 issue of “Lawn & Landscape” magazine.

Grunder Landscaping Co., founded by Mr. Grunder in 1984, is one of the Miami Valley’s largest full-service landscapers. On average, the company employs 45 team members and has 30 or more vehicles in service each business day.

In 1995, Marty formed Marty Grunder! Inc., a business consulting company that provides speaking, training and consulting services to entrepreneurs and business leaders. A highly sought after speaker and authority on personal and business success, Marty has spoken all over the U. S. and Canada.

Another important milestone will be observed in 2009 with the launch of a new business, Marty’s Mulch and Landscape Supply, a retail and wholesale mulch delivery business. The new business will be located on company-owned property adjacent to the Grunder Landscaping facilities at 9770 Byers Rd. in Miamisburg.

Marty serves on the board of Park National Bank; he is a member of the University of Dayton Business Advisory Council; he is chair of the George Foster Baseball Clinic to benefit Building Bridges; and he is the co-chair of the annual MS Dinner of Champions.

Marty’s family includes his wife Lisa, three daughters Emily, Kathleen and Lillian, and son Grant.
